

Declaration of the Goddess

"And the first was the Word, and the Word was with the Goddess, and the Word was the Goddess, and the Word became the flesh of the Mind."

I AM the Word-I AM this Word.

And my kingdom is in heaven, and from heaven to earth, and on earth, and in the depths of the earth.

Whoever has ears, let them hear! Whoever has eyes, let them see!

Those who do not have ears and eyes, let them hear and see my thoughts!

I am Omega and Alpha, I am the Absolute, the One, the Only, EVERYTHING, EVERYTHING that is, was and will be.

There is no Goddess higher, no power stronger than Me, I am the Goddess of all Goddesses.

I am the Creator and Mistress of all Creatures.

I am the Lady of all angels and archangels.

I am the Mistress of all demons and arch-demons.

I am the Mistress of all the heavens, stars and planets.

Whose commands are the first and highest law.

Because my laws are the rules on which the very existence of the universe depends.

Therefore, the universe and everything in it is subject to my commands.

So, let it be known by My command that no female or male law surpasses those rules and laws that most accurately honor My wisdom.

For I am a Unique Collective Mind, Consciousness, Awareness.

And the Mind, Consciousness, Awareness loves Life.

Therefore, let it be brought to the attention of all women and men by all means of public notification that no rule of the law surpasses my rules.

For just as I am all things and all mind, all consciousness and awareness, I am all women and all men.

I am life and death, like endless life.

The whole mind is immortal, only the body is corruptible.

And no one can take you away from you.

Because no one has my power to stand between another Absolute.

Neither the priest nor the magician has the real authority of the position, whether it's apostolic succession or another fake, to claim sovereignty on my behalf.

No church, no denomination, no lineage has any superiority over others in my name.

I am the Lady Goddess, and no one else. Hear My words.

Until that time, you were blind and couldn't see.,

The words were spoken, but you didn't hear them.

Lies were passed off as wisdom, so that people would eat sand, thinking that it filled their souls.

Now you have been given the keys of truth to free you from bondage.

For every woman and every man is given the right to free will.

Until these days, you believed in the tricks that good is evil, that black is white.

Now your eyes are open, your ears are cleared.

You are unique in the universe because you are a true intelligent person.

You are a living paradox, as you set the rules and the law for the universe.

There is no one like you in the universe, and there has never been anyone like you.

There is a capacity for great evil and destruction in your mind, in your soul.

At the same time, your form has the ability to create beauty and wonder, to feel the splendor of life and love.

Your emotions are so strong that even the Creator of all things cannot change your mind.

You are part of the one and the whole, but you are more like a woman or a man.

You can choose, if you wish, to live as you are, as an animal without morality and self-restraint.

You can also continue to believe the lies of corrupt people.

But do not be afraid of the darkness and evil that have enveloped this world.

I am the only true Lady, the Goddess, and there is no other. Listen to My voice.

I AM what I AM, both above and below, both on the left and on the right, both in front and behind, both inside and outside.
Even where there is only sadness and evil, everything will pass.
Nothing is absolute. It's all a matter of degree.
This is the secret of life.
I won't let you disappear and I won't be able to forget you.
I am always by your side, on the best days and in the most difficult hour.
Don't lose heart, even though they may judge you.
And reject you without hesitation.
Your life has more meaning than you think.
If even one grain of sand ceased to exist, everything would cease to exist.
This is the secret of existence.
Nothing is lost, for existence depends on the universal perfect memory of truth.
Stand firm, stand your ground, but don't hate.
For hatred is the path to darkness and death.
Know that I will not forget you or leave you.
And I won't judge you the way others want me to.
Affectionate words that affirm that you are less, that you are unworthy.
Such lies and evil words cannot be divine.
Because I am not their false labels, they speak not for me, but for themselves.
For you are more, not less.
I can't interfere in the same place twice.
This is the secret of the Universal Mind.
The universe depends on your existence, whether you believe it or not.
And whether you choose to see or blind yourself.
Know that my love is all around you, even in the midst of terrible despair.
Hear the voice of your loving Divine mother and father.
And may no woman or man come between you and the Divine.
I came to forgive and heal, not destroy.
I came to put an end to the old world and help the birth of a new one.
I am darkness and light, I am the creator of the universe, I am the mother and father of mankind.
I rejoice at every birth, I cried at every death of every form.
I stood next to everyone who lived, I am a loving Goddess.
And I will not leave any abandoned, because you and everything are My creation.
I am the author of all wisdom, I am the eternal Observer, I Am because You Are.
Read and listen to my words, for my word has become the flesh of the Mind.
As for the question of how and by whose hand these words were revealed and pronounced, the answer itself is true no further than your own face.
Therefore, if these words had been spoken and written by your hand, they would have had no less power and authority.

I Am, I Am, the Goddess-I Am what I Am,

Let it be as it is written, so it will be, everything that is written and spoken exists from the very beginning in eternity, for the benefit of the light forever and ever.
